All competitors must make provision in their cars for the installation of the Safety Tracking System. All further details will be given together with the device. Competitor is responsible for installation of the device and fastening the sticker.

Organiser's representatives will check proper installation of the device on Friday, 25<sup>th</sup> August 2023 starting from 17:00 in TC0. Competition cars not equipped with the GPS monitoring device will not be allowed to start. Any attempt to tamper with, to manipulate or to interfere with the tracking device fitted to the competition car or any device that hinders the tracking recording by external interference will be reported to the Stewards who may impose a penalty up to disqualification.

The GPS-tracking-system must be returned correctly after entering the Parc Fermé after finish (TC11) or after retirement to the SAS Workshop next to Rally HQ.

## 12.10 PRINCIPLES ON SECURITY AND TRACKING

Security and tracking devices are connected to a monitoring centre that stores all data received. All data is also stored on the device itself. The device has a self-contained power supply that operates throughout the rally. The device has "SOS" and "OK" buttons. Each device has a unique serial number that is assigned to each crew. During the event the Rally HQ will monitor the location and speed of each crew.

## 12.11 "SOS" AND "OK" SIGNALLING PRINCIPLES

By pressing the "SOS" button a crew reports an accident and requests immediate assistance. Also „SOS“ sign” has to be shown to following competing cars. In case of an accident or technical problems at a Special Stage, by pressing the "OK" button a crew informs of stopping for more than 30 seconds and that immediate assistance is not required (even if a crew is trying to continue the rally). Attention! In case of stopping at SS, the device automatically sends an "SOS" signal to the centre. If no assistance is required, the crew must press the "OK" button within 30 seconds to remove the "SOS" signal sent by the system. The crew's mobile phone must be switched on (or turned on within 60 seconds), so that the Race Control can reach the crew.

Incorrect "SOS" and "OK" signal transmission will be penalised.

**In the case of an accident where urgent medical attention is required, when possible, the red "SOS" sign should immediately be displayed to the following cars attempting to assist (General Prescriptions Art 53.3.1.)**

### 12.12 ENTRANCE TO THE REGROUP AREA

GPS tracking officers are allowed to enter the regrouping area and Parc Fermé in order to maintain or repair the GPS tracking systems installed in the rally cars. They must be accompanied by scrutineers and team representatives (driver, co-driver or competitor).

### 12.13 SERVICE PROCEDURES

Only Service cars (Service car plate) are allowed to enter Service Park. Recce vehicles are not allowed to enter the Service Park.

Restrictions on servicing, refuelling, or changing of mechanical parts are listed in FIA RRSR and these comply with Art. 56, 57, 58 and 61 of Estonian Rally General Prescriptions. **Leaving the Service Park with a rally car between two legs is forbidden!**

#### 12.13.1 Layout of Service Park

By special agreement with the EASU rally committee, each registered team and privateers is allocated a 7x8 m (56 m<sup>2</sup>) service area.

#### 12.13.2 Speed limit in Service Park

Maximum speed in the Service Park may not exceed 15 km/h. Speeding will result in a penalty applied by the Clerk of the Course according to Art. 57.4 of Estonian Rally General Prescriptions 2023.

#### 12.13.3 Behaviour in the Service Park

A liquid-proof tarp of at least 3x5 meters must be used under the rally car while servicing In Service Park. Only one service vehicle per each rally car is allowed to enter Service Park. The vehicle must be clearly identified by a "Service" plate issued by the Organiser and affixed on the upper part of the front windscreen.

**Recce cars are not permitted to enter the Service Park.**

Damages (nails, screws, and other fittings) to the surface of the Service Park are forbidden. The crew is responsible for damages to their service zone and must avoid causing them. Refuelling is permitted only in refuelling areas. Two fire extinguishers minimum 6kg must be present at each service zone. It is strictly forbidden to use open fire at the service zone (charcoal grill, firewood, etc.). After the rally the service zone must be handed over in tidy condition. Crews are responsible for the removal of their waste and sewage.

### 12.14 OBSTACLES

Due to safety reasons, barriers will be positioned on the rally route to reduce speed of rally cars. Judges of fact will monitor the right passage of barriers. The list of judges of fact will be published on the Official Notice Board in compliance with ISC Art. 11.16.7.

According to Estonian Rally Championship Regulations Art 9.3 competitor, who fails to correctly pass any additional hindrance and has gained advantage registered by fact judges, will be penalised 1 minute penalty for every offense.
